

# Lorry Maintenance

**At DBS, Our fleet of vehicles carry out delivery and collection to and from sites. The fleet consists of Artics with trailers, rigid lorries and vans. The lorries have lorry mounted cranes 'Atlas', 'Hiab' or similar.**

All loads are prepared for loading and off loading using site cranes, forklift trucks or lorry mounted cranes for ease and efficiency. All our transport is maintained in accordance with the guidelines set down by the 'The Ministry of Transport'. All DBS delivery vehicles undergo monthly PMI inspections, regular manufacturer's servicing and daily inspections carried out by each driver to check and record roadworthiness of the vehicle. We hold all the correct documentation including an operator's licence, exemption permits to the London Boroughs scheme etc.
